

Notification of Intent to Initiate Closure

Coyote Station – Slag Pond CCR Unit

October 17, 2018

Otter Tail Power Company intends to close the CCR impoundment known as the Slag Pond at the Coyote Station power plant near Beulah, ND. This notification satisfies the requirement of the Coal Combustion Residual Rule (CCR) §257.107(i)(7). An amended closure plan for the Slag Pond has been completed detailing closure procedures. This plan can be viewed on the Coyote Station CCR website. Closure activities will begin in the Spring of 2019.
